TO TRY SONS FOR KILLING FATHER.

Bloomfield, Ind., April 9.—The case of Ray Stibbens and Slater Edward Stibbens, charged with the murder of their father, George W. Stibbens, a Knox county farmer, was called for trial here today before Judge Charles E. Henderson. The case was brought here on a change of venue from Knox county. The trial, which will probably consume the rest of the week, will be conducted by James M. Hudson, prosecuting attorney for this county and the defense will be represented by Eph L. Luman, of Indianapolis.

George W. Stibbens, who was one of the largest land owners of Knox county, was found dead in his barnyard shortly after dark, on the night of November 17, 1911, with a bullet hole through his head. Certain circumstances led to the arrest of Edward, and three days later his son, Ray, was arrested, and both were charged with the murder of their father. It is alleged that the young men had been on unfriendly terms with their father for some time. Miss Nell Stibbens, their sister, has faithfully stood by them since their arrest.

MINE WORKERS AND OPERATORS

WILL BEGIN ANOTHER CONFERENCE TODAY.

Whether Present Suspension in Anthracite Region Will Result in Strike Will be Decided—Miners Will Renew Demands.

Philadelphia, April 9.—John P. White, president of the United Mine Workers of America, and officials of that union from the anthracite fields, are gathered here tonight awaiting the conference arranged for tomorrow with the committee of hard coal operators which will decide whether or not the present suspension of work in the anthracite regions will eventually result in a strike or whether the men shall return to work under a new agreement.

President White in discussing the situation tonight declared that he and his colleagues would renew the demands which they had presented at the last conference with the operators. In case he and his committee failed to reach a satisfactory agreement with the operators, he said, there would be no arbitration and that the union would not apply for mediation under the terms of the Erdman act. He expressed his belief that suitable terms would be reached.

These are the demands which will again be submitted to the operators tomorrow. A one year agreement, eight-hour day for all class of men, recognition of the union in negotiating wage agreements and the right to provide a method of collecting revenue for the union.

A 25 per cent increase in wages, a minimum of \$2.50 a day for all miners and \$2.75 for laborers for consideration work.

That the system whereby a contract miner has more than one working place in the mine or employs more than two laborers shall be abolished.

The right to check weighman and docking bosses shall be recognized and that they shall not be interfered with in the performance of their work.

That all coal be mined and paid for by the ton of 2,240 pounds wherever practicable.

While these demands will be modified at the conference, the union leaders declare that they will stand for union recognition, but that whatever the ultimatum of the operators may be, it will be brought before the miners through a referendum vote, or a convention.

New York, April 9.—For nearly two hours members of the Anthracite coal operators special committee conferred in the office of President Baer of the Philadelphia & Reading railroad today. The decision was preliminary to a joint conference with the representatives of the miners in Philadelphia tomorrow. The committee was fully represented and it was understood that the situation was gone over carefully, but no information was given out as to what was done or as to what proposition, if any would be made to the miners tomorrow.

Indirectly through representatives of the operators it was said that their attitude was inclined to be compromising on the wage issue, but that there was no change in the original attitude in regard to recognition of the union.

IN VERMONT.

Mount Pelier, Vt., April 9.—Half of the Vermont delegates to the Chicago convention were chosen to day and Taft and Roosevelt supporters split even in the struggle for control. The delegation will be completed to tomorrow at the state convention with the choice of the four delegates at large. As many of the delegates who took part in the district conventions will attend the state convention Taft leaders tonight claim that they majority of the total vote would hold good to tomorrow and give them the state delegation.

On the other hand, Roosevelt leaders said that many new delegates would take part in the state contest and that they had a fighting chance for delegates at large.

W. F. Thompson, who was formerly employed at the big shop, is now conducting a cigar factory at Petersburg.

MICHIGAN REPUBLICANS.

Both Taft and Roosevelt Claim Victory in State.

Detroit, Mich., April 9.—Both Taft and Roosevelt forces are claiming victory in the Republican state convention held in Bay City Thursday and each faction is expected to put up a determined fight to sustain its contention. The Taft men today claimed 551 of the 1,312 delegates to the convention. The Roosevelt followers insist that they have 650 delegates pledged to their cause and with the delegation of 182 from Wayne county. The Taft forces are contesting the Roosevelt delegation from Wayne and have their own delegation of 192 representing the county.

Miss Krause, who was a sister of Wilson's wife, died to day. Insane jealousy on Wilson's part is supposed to have been the cause of the crime.

New York, April 9.—With the return to day of Charles F. Sleepy-Eye Flour

Absolutely the richest flavor and most creamy flour that is placed on the market, has more nourishment, keeps fresh longer, tastes better, and satisfies hunger quicker than any dead-white flour that was ever sold in the American market.

We do not mince words about this matter. We do not say "One of the Best" or anything half way. Sleepy Eye Milling Co. have had years of experience in the milling business and they know it from A to Z, and we say advisedly and positively that no other flour of the quality of SLEEPY EYE or even approaching it in quality, is now being manufactured in this country.

The fact that SLEEPY EYE is "CREAM" is one reason for its great superiority, and another is this:

SLEEPY EYE is by far the "lowest percentage patent" produced by any mill. By this we mean it requires a larger quantity of wheat to make a barrel of Sleepy Eye than it does to make any other flour.

Sleepy-Eye has Pleased, is Pleasing, and we Guarantee it will Please.

ARRAIGNED BY COMMITTEE

PRESIDENT TAFT AND SECRETARY STIMSON CRITICIZED.

Charged With Flagrant Misuse of Official Authority When General Ainsworth Was Suspended From Duties of Adjutant General of Army.

Washington, April 9.—President Taft and Secretary Stimson are severely arraigned in a senatorial reply on the Ainsworth case presented to the house to day by the military affairs committee. Secretary Stimson is charged with having committed a "great and irreparable wrong" and a "flagrant misuse of official authority" when last February he suspended General Ainsworth from his duties as adjutant general of the army and charged him with insubordination. That the president and Secretary Stimson prejudged the case, that the charges were based upon prejudice and the secretary of war has an "erroneous idea" or his relation to congress are some of the other conclusions reached by a majority of the committee, of which Representative Hay of Virginia is chairman.

Following General Ainsworth's relief from duty and when a court martial seemed probable the president permitted him to return from the army because of his long service. The result was an investigation of Ainsworth's relief from duty, set about by a resolution of Representative Watkins of Louisiana.

Criticizing the relief of General Ainsworth the report declares the "worst feature of it was that this officer of long and distinguished service had no tribunal to which he could appeal with any hope of justice or fair treatment. It is pointed out by the committee that Mr. Ainsworth favored the five-year enlistment plan in the army bill, which was opposed by other officers of the general staff, and that Secretary Stimson's letter of suspension to the general was sent on the day that this feature of the bill was being discussed in the house. Secretary Stimson's comment to the house when he sent the papers in the case, to the effect that his action "was not to be construed as a recognition of the authority of the house or any of its committees to require of the chief executive a statement of conditions for his official action," is severely criticized.

General Ainsworth's stand upon a certain letter to the secretary of war, upon which much of the charges was based is defended.

The majority of the committee agreed that he had not been guilty of anything that would cause his dismissal.

Capital Notes.

The Indian bill carrying approximately \$7,500,000, was passed by the house to day. It now goes to the senate where five other general appropriation bills are proceeding.

The act of congress creating a bureau of child labor in the department of commerce and labor was signed yesterday by President Taft. The printing organization bill, which, it is said, will save a million dollars a year for the government, passed the senate yesterday with several important amendments. The house has not yet considered it.

Government supervision of grain and cotton exchanges as the relief from violent fluctuations in prices of commodities and the safeguard against universal speculation gambling was proposed by W. B. Thompson, former president of the New Orleans stock exchange, who appeared to day before the house committee on agriculture in opposition to the anti-futures bill.

Mr. and Mrs. Fred Duckwell spent Sunday with the latter's parents, Mr. and Mrs. D. O. Tuke.

Naturally the attention centers about the person of Joseph F. Sheehan, America's wonderful tenor. Roosevelt Talks of Abuse of Federal Patronage to Defeat Him for Nomination.

Pittsburg, April 9.—"No more scandalous abuse of federal patronage has ever been seen here in the last two months," said Col. Roosevelt in referring to the government service in a speech here to night.

Col. Roosevelt charged that the national Taft bureau was making an effort to defame the forest service and said that it was impossible that the bureau could be acting "without the cordial support and approval of the administration."

He also asserted that in Kentucky postmasters, according to advice which had reached him from Edward O'Rear, former chief justice of that state, had been engaged in the lowest kind of election frauds.

Col. Roosevelt referred to the tariff, saying that its prime justification must be the protection which it affords for working men. He advocated workmen's compensation laws and defended the principles which he has proposed, affecting the courts.

To-morrow Col. Roosevelt will start on two days of hard campaigning through Pennsylvania.

In July, 1849, she was married to Michael Scott at Carrollton and to this union were born four children: Mrs. G. V. Skinner and George W. Scott of this city, Charles M. Scott of Russellville, Ark., and Henry Scott, who preceded his mother in death in 1883. Her husband died 51 years ago.
Mrs. Scott lived to see her three children grow to maturity and establish homes for themselves and while she, in their younger days, gave to them her devoted care, they in later years have provided a home for her. She has lived with her daughter, Mrs. Skinner, who has given her mother every care that she could bestow.
Decceased was of Irish-English ancestry and has lived in Illinois all her life. She was a woman of beautiful Christian character, a kind neighbor and a loving mother. Mrs. Scott belonged to the Christian church and was a devoted member, attending whenever her health permitted.
Beside the three children, Mrs. Scott is survived by the following grandchildren: Mabel, Glenn, Lee and Beverly Skinner and G. Roy Scott of Jacksonville; Harry Skinner of Granite City and Walter Scott and Mrs. A. E. Hecker of Russellville, Ark. One brother, Thomas Williams of Carrollton, also survives.
Funeral services will be held at 9 o'clock Thursday morning from her home, 853 South East street. The remains will then be taken on the 10:21 train to Carrollton, where additional services will be held at 2 o'clock in the Christian church. Interment will be in the cemetery at Carrollton.

Brewer and W. W. Gilliam, with Mrs. Kolp at the organ. There were many beautiful flowers, which were cared for by Mrs. John Day and Mrs. John Sousa.
Interment was in Diamond Grove cemetery and the bearers were Walter Patterson, Edward Patterson, W. E. Boston, Edward Boston, H. M. Griswold and A. D. Burbank.
Among those from out of the city to attend the funeral were Mr. and Mrs. A. Burbank and family, Mr. and Mrs. H. M. Griswold of Springfield, Rev. and Mrs. John Conlee of Waverly and Harry Conlee of Carrollton.

All the children reside near the old family residence three miles west of Nilwood. Bernard Cole of this city is a grandson of the deceased and he and Miss Mattie Wood have gone to Nilwood to attend the funeral services which will be held today.

Lombard.
The funeral services of George Lombard were conducted Tuesday afternoon at the family residence in Waverly, in charge of Rev. G. B. Sherman, pastor of the M. E. church, South. He was 49 years of age and is survived by his wife and one daughter, Treasa, five children having preceded him in death.

NEW YORK REPUBLICANS

Platform Being Drafted by Committee to be Presented to Convention To Day.

Rochester, N. Y., April 9.—The Republican state convention held its first session here to day and after a "keynote" speech by Temporary Chairman Nicholas Murray Butler adjourned until tomorrow to permit the committee on resolutions to draft a platform, select four delegates at large to the national convention and try to determine whether it would be for the best interest of President Taft to send an instructed delegation to Chicago.

The resolution committee, with Congressman Edward B. Vreeland as its chairman, worked well into the night formulating the platform which State Chairman Barnes desires to present as a model for adoption at the national convention. United States Senator Root, Speaker Merritt of the state assembly, former Speaker Wadsworth, Chairman Barnes, Nicholas Murray Butler, Governor Nicholas Horace White, Timothy L. Woodruff and Senator Edgar T. Brackett were among those who gave close application to the work in hand.

The question whether the delegates to the national convention shall be instructed is still undecided. With the completion of the platform and the naming of the delegates at large it is planned to hold tomorrow. Mr. Butler will be made permanent chairman of the convention.

Not Instructed.
New York states delegates at large to the Republican national convention will not be "instructed" to vote for the re-nomination of President Taft. Instead the committee on resolutions of the Republican state convention voted almost unanimously to night to report a resolution to the convention tomorrow, favoring Taft's re-nomination, and urging the entire state delegation to carry out the party's choice.

The committee which drafted the platform and settled the question of instructions after session lasting from early afternoon until midnight finally agreed to the following compromise:

"We applaud the patriotism, wisdom and undramatic courage of President William H. Taft."

"The overwhelming majority of the representatives of the party in the convention assembled favor his re-nomination, and we urge that the delegates at large here elected in their action at Chicago carry out this choice of the Republicans of the state and that the district delegates unite to the same end."

The committee nominated as delegates at large U. S. Senator Root, William Barnes, Jr., chairman of the state committee, William Berri of Brooklyn and Edwin Merritt, speaker of the state assembly.

The Platform.
The platform as adopted by the committee in part says:

"We believe that order is the prerequisite of progress and that this national tradition must not be destroyed nor principle sacrificed to opportunism."

"We believe that public conscience should express itself properly and affirmatively in the election of the public officials and not negatively by their recall. To reverse this order would encourage disregard of duty in electing public officers and place a premium on neglect of that duty."

The platform expresses belief in the Republican policy of protection; declares in favor of the adjustment of duties so as to cover the difference between the cost of production here and in other countries such adjustment to be made upon facts ascertained by an impartial board; condemns the emigration house for passing tariff bills "without regard to the facts reported and without inquiring into or caring for the needs of the American business or American labor."

The platform favors the creation of national reserve association and an elastic system of currency and credit.

In declaring opposition to the recall of judges the platform declares such a proposition would introduce cowardice as an element into the administration of justice."

John Flynn of Chicago came down Tuesday to cast his vote.

STATEMENT BY DIXON.

Roosevelt Manager Says Result Ends Taft's Campaign.
Washington, April 9.—Senator Dixon, manager of the Roosevelt campaign committee, made the following statement to night: "Illinois Republicans have declared for Roosevelt as their nominee for president by over 100,000 majority. The overwhelming repudiation of Taft by the Republicans of Illinois ends the Taft campaign for a re-nomination. Wherever legitimate primary expression has been had, the Republican voters have utterly repudiated Taft. In North Dakota Taft received 1,158 votes out of a total of 57,000. In Wisconsin the Republican voters repudiated Taft's claim by 70,000 majority. The Illinois Republicans repudiated his claim for re-nomination by over 100,000. Certainly, no Republican leader can longer doubt that an attempt to force Taft's nomination under these circumstances would be suicide for the Republican party. Roosevelt will be nominated at Chicago and will be triumphantly elected in November."

Clark Pleased.
The news of the heavy Clark vote polled in Illinois was conveyed to Speaker Clark by telephone. "That's the best news I've heard since the last baby was born," said the speaker in an emphatic tone.

Later this statement by Speaker Clark was given out at his campaign headquarters: "It goes without saying that I am delighted with the news from Illinois. I would be either more or less than human if I did not feel good over the splendid victory which my friends achieved. I have now something over 130 delegates. Of course these cannot nominate a candidate, but they constitute a fine start in that direction."

"I am profoundly grateful to the Democrats of Illinois and hope that those in other states will go and do likewise."

No Taft Statement.
At the Taft national headquarters no statement or comment was made upon the results in Illinois. Representative McKinley of Illinois, director of the Taft campaign, did not visit the headquarters during the evening, and his associates said that returns were so incomplete as to make an accurate comment upon the result impossible.

GOOD HEALTH

How To Keep It How To Get It Back

In this column we will discuss Health and Disease and questions of general interest will be answered by responsible members of the regular medical profession. Those not proper for publication will be answered by mail if accompanied by addressed and stamped envelope, provided they do not relate to a disease from which the patient is then suffering. For such diagnosis and advice as to treatment consult your family physician.

In view of the fact that all sanitarians agree that typhoid fever is a disease which is easily prevented the following facts taken from an elaborate compilation of statistics by Dr. Edward Bartow, had of the Illinois State Water Survey, will be instructive. Dr. Bartow says: In 1906 there were more cases of typhoid fever in this country than cases of plague in India, despite the fact that India's population is two and one-half times greater. From January, 1907, to October, 1911, there occurred, in Russia, 233,684 cases of Asiatic cholera, this including the appalling epidemic of 1910.

According to a conservative estimate there occurred in the United States for the same period one million and a quarter cases of typhoid fever in the United States for every case of cholera in Russia. In Italy in 1910 there were about 16,000 cases of cholera and about 6,000 deaths, and in the United States there were a half million cases of typhoid fever and 50,000 deaths. "Yet, we are accustomed to think of these countries as pest ridden." He views the situation in Illinois with alarm, declaring that it is practically impossible to arouse the interest of the general public in improving municipal water supplies, unless stirred by an epidemic of unusual proportions which permeates the whole community.

His statistics show that in 1910 the typhoid death rate in Chicago had been reduced to less than 13 per 100,000 and is still growing smaller, due to improved sanitary conditions in drinking water. In 1893 Chicago had a typhoid death rate of 173 per 100,000. The above facts are certainly interesting to Jacksonville citizens who have no safe place from which to take a drink of pure safe water, except to buy it at a big price per gallon. If you don't believe it look in your bath tub or send a bottle of water from your well and have an analysis made.

Health and Marriage. None knows better than the physician the tragedies caused by the marriage of the physically unfit. The necessity that both parties to the marriage contract should be mentally and physically sound has the medical profession, but also by those who have made a study of sociologic problems. That the state should take action such as would prevent the mating of the unfit has long been recommended. Marriage, however, has a religious as well as civil significance with many people. What more rational, therefore, than that the religious representatives should take official notice of an evil that so closely concerns both the church and state? Within the last few days a well-known clergyman announced that in the future he "would wed no couple that failed to

bring from a reputable physician clean bills of health. One might imagine that there would be no criticism of this stand from other representatives of religious organizations. Nevertheless, newspaper interviews indicate that the advanced stand taken by the pastor in question did not receive anything approaching unanimous approval. One preacher in particular is quoted as waxing eloquent in the denunciation of what he was pleased to call "health certificate marriage." Said he: "If you would rob the holy marriage rite of its sanctity, if you would divest a sacred custom of its beauty and holiness, if you would make the union of two souls a commercial transaction, then establish a custom which will permit the physician and his science to stand between two hearts that are drawn to each other." At the risk of spilling this perverted utterance, we faintly would take liberty of paraphrasing it, thus: If you would rob the holy marriage rite of its present capacity of permitting the infection of your sisters and your daughters with loathsome diseases, if you would divest a sacred custom of its potentiality for perpetuating epilepsy and idiocy, if you would make the union of two souls synonymous with the union of two clean bodies, then establish a custom which will permit science to stand as a faithful guardian of health and happiness over the two hearts that are drawn to each other.

I hereby announce myself a candidate for the Republican nomination for member of the board of education in the fourth ward, subject to the decision of the Republican primary.

George S. Rogerson.

REBATE SUIT.

Des Moines, Ia., April 9.—The famous rebate suit brought against the Chicago, Rock Island & Pacific Railway company by the Agar Packing company involving many thousands of dollars, will be heard again in the Polk county district court, according to a decision of the Iowa supreme court today.

Because of alleged discriminations in favor of agents for eastern packers at Valley Junction, Ia., the Agar Packing company claims to have been driven into bankruptcy.

The court held that the railroad company did not make a proper plea to claim the benefits of the statute of limitations and ordered a rehearing.

TWO MEN KILLED.

DuQuoin, Ill., April 9.—Jacob Price, assistant chief of police, and John Seaburg, whom he tried to arrest, were both killed today at the latter's home. Seaburg had been drinking and Price was summoned to arrest him. Seaburg mortally wounded Price the first shot and the officer fell, returning the fire.

MOON LAW VALID

Question Settled by Decision of Iowa State Supreme Court.

Des Moines, Ia., April 9.—A petition for a re-hearing of the cases testing the Moon law was overruled by the Iowa supreme court today.

The Oskaloosa and the Fort Dodge cases, where the right for saloons hinged on the sufficiency of the petition of consent were lost. The court refused to grant a re-hearing in the Oskaloosa case in which it held withdrawals from names of signers was illegal. In the Fort Dodge case the same question was at bar.

The saloons have no further hope of knocking out the Moon law. The grounds were that the statute is unconstitutional.

LEWIS STILL ON STAND.

Used Everything He Possessed to Save Investors.
St. Louis, Mo., April 9.—E. G. Lewis on the stand in his own defense today told the jury in the United States district court here that he put everything he possessed, including his home and life insurance policies, into the Lewis enterprises in his efforts to save the investors.

Lewis, who is on trial on a charge of using the mails to defraud, testified that he mortgaged his home in University City for \$35,000 and turned the mortgage over to the reorganization committee. He said he carried \$150,000 life insurance, part of it in endorsement policies. On these, he said \$57,000 had accrued in 1911. He drew what money, he said, and turned it over to the committee.

"There is nothing left," he said, "and I borrowed \$2,000 each from four men and went to California, that I might draw the attacks on me away from my enterprises."

FELL INTO HANDS OF REBELS.
Mexico City, April 9.—According to reports brought into Cuernavaca today by persons arriving from Jofutla, one of the principal towns of Morelos, that town fell into the hands of rebels variously estimated at from 300 to 1,500 strong two days ago.

At the other extreme, a strong federal force from Cuatla and Cuernavaca had surrounded the place and were pouring a hot artillery fire into it. There are said to be many dead and wounded on both sides.

TWO CONVENTIONS HELD.

One Selected Roosevelt and Other Taft Delegates.

Macon, Mo., April 9.—Two Republican conventions of the first congressional district of Missouri were held here this afternoon, at one meeting where 62 delegates were present, Roosevelt and Governor Hadley were endorsed and the delegates to Chicago instructed for Roosevelt. The Roosevelt delegates named are Chas. E. Rosen of Jackson county and Joseph Moore of Scotland county.

At the other Republican meeting having 47 delegates, Cyrus Albertson of Marion county and W. A. Musstater of Lewis county were elected delegates to Chicago. They were instructed for Taft.

QUICK RELIEF FOR RHEUMATISM

George W. Koons, Lawton, Mich., says: "Dr. DeChase's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast. Sold by L. P. Alcott, druggist."

CATARHUS GONE

No More Hawking and Snuffling When Your Breathe Hyomel.

HYOMEL (pronounce it High-o-me) is guaranteed to end the misery of catarrh.

Breathe it, destroy the catarrh germs, and soon hawking and snuffling will cease. The mucus will no longer form in the nose, mucus will not lodge in the throat; all inflammation will leave the membrane of the nose and throat and your head will feel clear and fine.

Breathe it for coughs, colds and sore throat; its soothing, healing, antiseptic action is better than all the stomachic dosing remedies in creation, and there isn't a particle of opium, cocaine or other habit forming drug in it.

Complete outfit, which includes Inhaler, \$1. Extra bottles of HYOMEL 50 cents at Coover & Shreve's and druggists everywhere.
